Subject: Senate Bill 200 Progress Reports

Per OCGA 32-2-41.2, I am pleased to submit an annual report to the Governor, Lieutenant Governor, Speaker of the House of Representatives, and Chairs of the House and Senate Transportation Committees detailing the status of projects values in excess of \$10 million and a summary of Value Engineering savings.

Please find the following attached reports:

- Attachment A: Status of projects greater than \$10 million open to traffic
- Attachment B: Status of active construction projects greater than \$10 million
- Attachment C: Status of active projects under design greater than \$10 million
- Attachment D: Summary of Value Engineering activities for FY 2022

The reports are also published on the GDOT website at www.dot.ga.gov/GDOT/Pages/SSTP.aspx.

The adopted Statewide Strategic Transportation Plan (SSTP) outlines the business case for strategic transportation investments. These progress reports reflect alignment with the goals and strategies identified in the SSTP.

If there are any questions, please contact me at 404-631-1987.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jannine Miller", is written over a faint, larger blue signature that appears to read "Russell R. McMurry".
